Creating a CLGL Assignment

Once you have your course and any sections set up, you can create Homework or Test assignments comprised of CLGL problems.

Step	Action: To create a CLGL assignment
1	Click the Assignments link to open the Assignments page. If necessary, select the appropriate course from the Course or Section drop-down menu. 
2	Click the Create Assignment button to open the Create an Assignment page where you can choose your assignment type. Clicking Cancel allows you to exit without making any changes. 

Step	Action: To create a CLGL assignment
3	Select either Test or Homework on the Create Assignment page to open the assignment creation wizard. <i>(Required)</i> 
4	Enter your assignment's name in the Name Your Assignment field. 

Step	Action: To create a CLGL assignment
5	Click the calendar icon in the heading to open the Select Dates pane. Use the calendar widget to select the appropriate dates and times. (<i>An Available On date is required.</i>)  The current day is displayed with a white background, while the date you selected is green. Click Done when you are finished.

Step	Action: To create a CLGL assignment
6	Click the Add Content button to open the Available Items page.
7	Click the product title, to reveal your course content. You can then expand a list of individual chapters and sections by clicking the arrow icons at the end of each row.
